Precise Momentum

Life in its *pulse*

**I dedicate this book to my mother and my late father.
I owe my days to them. I want to express my gratitude
in these lines.**

RESEARCH AND INVESTIGATION CARRY ON

**This phrase captures my approach to photography
as a continuous search.**

**Every frame becomes a small investigation: a
gesture, a quiet emotion, a story hidden in the details.**

**Some images reveal themselves instantly; others
remain silent and mysterious. But each one carries
something worth discovering.**

That is the spirit behind this book.

With small narratives or small commentary to be more precise. Audience may get into the story more.

PRECISE MOMENTUM

In this book, I try to create compositions with photos that you expect something later like you envision what will happen next.

My aim is for each photo to hold its own potential, giving the audience something to think about. I capture moments as short narratives, believing this invites the viewer to continue the story.
